THIS IS AN EAT IN MENU

EAT IN MENU vs TAKE OUT (BLACKS BURGERS APP) MENU

You might notice a difference between your eat in & take out (our app) menus. Not all items travel as well when delivered, so your eat in menu may have more items.

When dining in, your burger includes a side of choice in the price (no one comes out to dinner and just wants a burger, right!?). On your delivery menu, items are priced singularly for customer convenience (it comes to the same combined price)
